STATE OF KUWAIT

LOCATION AND AREA

The State of Kuwait is located to the Northwest of the Arabian Gulf, between latitudes $^{\circ}28.30'$ - $^{\circ}30.06'$ North and between longitudes $^{\circ}46.30'$ - $^{\circ}48.30'$ East. To the North and Northwest, it shares the borders with the Republic of Iraq, to the South and Southwest with the Kingdom of Saudi Arabia and to the East with the Arabian Gulf. Due to the strategic location, it is considered a natural gateway to the Northeast of the Arabian Peninsula which gave it along-standing commercial importance. The area of the State of Kuwait is 17,818 km².

CLIMATE

Due to Kuwait's location in a desert geographic region, its climate is characterized by long dry hot summer and short warm - sometimes rainy - winter. Occasionally, winds blow dust storms during summer months along with a rise in humidity.

ENVIRONMENT

The environment is considered an important axis of comprehensive development. The issue of environment protection has drawn considerable international and local attention, whereby environmental studies became a focus of attention of several agencies in the state such as health, industry, science, engineering and other agencies.

Garbage and Waste

Garbage and Waste	2009	2010
Population Solid Garbage (Ton)	1,153,233	1,408,433

AGRICULTURE, LIVESTOCK AND FISHERY

Agriculture plays an important role in the economies of different countries. Its contribution in economic development is evident through meeting the additional demand for food that results from population growth. The State of Kuwait endeavors to improve the agricultural sector and encourages farmers by assisting them financially, and providing them with agricultural services to develop this sector and make it an important source of national income.

TRANSPORT AND COMMUNICATIONS

It is evident that the transport and communications sector plays a vital role in people and nations life. Because of Kuwait's distinguished geographical location and its desire to strengthen its ties with the countries in the region and the world, it has given transport and communications sector increased attention to upgrade it to a level parallel-as far as possible- to that of the developed countries.
